

The illustration depicts a beach scene with several figures. On the left, a large woman in a dark blue one-piece swimsuit and a red swim cap stands with her back to the viewer, her right arm extended towards the title. In the background, a man in a blue swimsuit stands near a beach umbrella. To the right, two women are standing; one is wearing a green swimsuit and a hat, and the other is in a red dress. In the foreground, a man is sitting on a beach towel, and another person is lying down. The scene is set on a sandy beach with a blue sky and white clouds. The entire illustration is framed by a dark blue border with a gold-colored decorative pattern.

How to measure correctly for RIDING BREECHES

FUJI SILKS

DRAPERY IS CARRIAGE
PAID IN N.S.W.

Genuine All-Silk Weaves, Chosen for their Beauty and Serviceability.

We would make special reference to this useful and wonderful Silk because of the number of inferior qualities on the market of cheap Silk and Cotton Mixture which is represented to the public as a genuine all-silk article. We could buy cheap Fujis at a price that would enable us to sell at 2/3 to 2/9 a yard, but because of its great inferiority, we have decided that there is no place for it on our counters, and that only the best grade of silk procurable would be permitted to uphold our prestige as reliable general providers and the "Home of Good Values." Hence, when you buy Fuji from Foy's, you are getting the most serviceable grades that we can buy in, and getting them at the very lowest possible price. We guarantee every yard we sell as being fast in colour, and the hardest wearing and best washing quality of Fuji Silk procurable.

Pure Quality Natural Fuji at 3/6 yard.	Pure Quality Bleached Fuji, at 3/6 yard.
Heavyweight, Bleached or Natural, 3/11½ and 4/3½.	Extra Heavy, Bleached or Natural, 4/6 yard.
Heavy Fuji in Plain Colours, 3/11½ and 4/6.	Heavy Fuji, Light Ground, Coloured Stripes, 3/11½ and 4/6.
Exclusive New Designs, Dark Ground Stripes, 4/11½ yard.	Brocaded Fuji, big range of de- signs and colourings, at 3/11½ yd.

Jap. Silks in Great Variety.

Never was our range so comprehensive and varied, as this season's shades number over 100. It is impossible here to describe each quality and style, but you are sure to find almost any colour you require in our large and representative stocks. Many of our colourings are specially selected to harmonise with our Fancy Silk for Lamp Shades. 27in., from 2/3 to 7/11 yard; 36in., from 2/6½ to 10/11 yard.

FOY'S OWN "TARGET" BRAND CASHMERE HOSE.

Illustrating the manner in which Full Fashioned Hose is knit to shape. No amount of wear or washing can "bag" it.

PERFECT FITTING, FULL FASHIONED, ALL-WOOL HOSE, OFFERING WONDERFUL VALUE AT DIRECT-FROM-MILL PRICES.

At our Goulburn Street Factory we have the only Full Fashioning Machines in Australia, on which we make our well-known "Target Brand Hosiery."

To keep the high standard set up by us in previous years, we have been extremely careful to import only the highest-grade yarn; in fact, we are using the same yarns as supplied to the British Hosiery Manufacturers, from whom we formerly purchased our supplies.

Therefore, Foy's customers can feel confident that they are purchasing the same high grade of hose as of yore, but now made in Australia by Australians.

A brief outline of what "FULL FASHIONED" means is necessary, owing to the number of customers who have expressed dissatisfaction with the fit and comfort of the locally-made stocking.

A "full-fashioned" hose is made on a machine which knits the yarn to the exact shape of the leg. This machine automatically increases or reduces the number of needles at the top, calf and ankle, thereby ensuring PERFECT FITTING.

The circular (or unfashioned) hose is made, as its name implies, on a "cylinder machine," in tubular form, and is simply stretched and pulled on heated moulds to the shape of the legs and feet. Hence, the baggy appearance of this class of hose after washing.

To compare full-fashioned hose with the old style circular hose is like comparing a tailored costume with a ready-made shop garment.

One is CUT to fit, the other MADE to fit.

Foy's Sell Good, Solid, All-Cotton Sheetings only.

Foy's could stock cheaper sheetings than those listed below. That they don't do so, is because they will not sacrifice quality for a low price. Cheap, inferior sheetings wash thin and become nearly transparent. Buy good, solid, ALL COTTON SHEETINGS at Foy's. They wear ever so much better and the prices are the keenest possible.

HOW TO BLEACH GREY SHEETING.

You buy Grey Sheetings because they give greater wear than white sheetings of a similar price. Now try the effect of a little scientific bleaching. Soft boil this grey sheeting two or three times, lay out flat on the grass, and let the sun blaze down upon it. Do this several times and then see the perfect bleach that results. There's the way to have the best white sheeting at the cheapest possible price! Try it.

We have at all times given particular attention to the outfitting needs of youthful Australia. He's brimful of life, born to a freedom of action with plenty of legroom to indulge in it, and, necessarily, he's a tiger on clothes. To keep him looking his youthful best we select materials for their hard-wearing character. We stitch for strength and cut for style as well as comfort, for our modern boy is as keen on good looks as he is on the freedom that he enjoys. The series of Cotswolds on this page, featuring, as they do, Band and Button or Plain Knickers, 3-Pocket Front, Half Belt and Plain Back, and 1st quality Italian Cloth Lining, are recommended as to-day's very highest value in hard-wearing suits for growing boys.

When ordering, kindly state "Inside Arm," "Inside Leg," and "Chest" measurements, as well as Age, so that a good fit and greater satisfaction may be assured.

Hard-wearing Material and Sound Workmanship give Added Value to Foy's Porch and Verandah Blinds.

We are too proud of our reputation as Universal Suppliers to sell a blind which has so much hard work ahead of it, unless we are sure that from its very quality it promises the utmost in satisfactory shade service. We choose the material for wear. Expert workmanship fashions the blind for strength

with strong linen thread stitching. In all cases the sides are hemmed to ensure true running and resistance to wear. The result is utmost value and satisfaction for every shilling you pay for your blind.

Bamboo Blinds.
